- Subject to Royal Botanic Gardens and Domain Trust Regulations. See Picnic Booking Terms and Conditions for details.
- A pop-up shade structure is defined as an open structure (i.e. with no walls) and must be weighted (20kg per leg), not pegged.
- Prices are for site hire only and do not include any security fees that may be incurred if functions fall outside of Garden opening hours.
- Commercial activities that are brought in for functions require permission from the Garden 7 days prior to the function date. A commercial operator is considered anyone who makes money from their activity regardless of whether that operator is charging you for the service (ie friend or family member providing the service). This is a list of commonly used commercial activities for events. If you have other commercial activities you would like to bring in for your event, please speak with staff for approval.
- BBQs are not included in hire price. If you are cooking for larger groups (10+) we recommend that you bring your own BBQ (gas only).
